

LKM7000 Standoff Kits

LKM7000SOK / LKM7000SOK1

The Standoff Kits are used to prevent a Hollow Metal Door from compressing during installation of the LKM7000. Once the holes are all drilled simply insert the Standoffs into the holes and continue with the LKM7000 installation instructions.

Standoff Kits are available in 1 3/4" and 2" kits.

LKM7000SOK – 2"

LKM7000SOK1 – 1 3/4"
